

RECLAIMED PLANK CULLEY STREET

Wide Plank Flooring

Culley Street reclaimed oak flooring is highly sought after for its uniformity within a very natural product. Milled smooth from salvaged barn board, the boards are hand selected for naturally darker and even tones. Although there is color variation, that variation is within a smaller range; leaning to the darker side of what the natural barn board has to offer. All barn board products will have nail holes, color variation, and natural sound checking. Tom Bingham's great-grandfather and great-uncle got the family started in the wood industry on Culley Street in Fitchburg, MA owning and operating a wood-turning shop and custom wood shop. The highly custom floor with a particular grading specifications reminds us of the custom work done on Culley Street back in "the day".

The Bingham Culley Street custom flooring features reclaimed oak barnboard. Barnboard is found throughout a salvaged barn in mainly three areas; siding, loft boards, and interior partitions. Barnboard that was exposed to the natural heat and the elements has aged overtime creating not only unique coloring, but one of a kind textures.

*Please note that wood is a natural product and because of this we recommend ordering samples of our products before making your flooring choice. We will send multiple pieces of each product to give a full representation of the grade and specie. Together, these pieces represent the grade, specie or product specified. Please do not reference an individual sample, piece of the sample or image as an accurate representation of the entire grade, specie or product. Please consult your sales representative with any questions or to request more samples.
