

RECLAIMED PLANK

QUIMBY ROAD

Wide Plank Flooring

Quimby Road flooring is a mix of hardwood species graded for color and texture before being custom sanded and milled into the flooring profile of your choice. Our skilled graders are looking for lighter tones that will blend together with great natural texture creating a floor full of natural light browns, tans, and greys. The name originates from Toms grandfather (from his moms side) that operated a smaller mill on Quimby Road. This mill thrived on catering to the custom order and request of its clients and not limited to just one specie, fitting to represent the custom feel of this unique hardwood flooring.

The Bingham Quimby Road custom flooring features reclaimed hardwood barnboard. Barnboard is found throughout a salvaged barn in mainly three areas; siding, loft boards, and interior partitions. Barnboard that was exposed to the natural heat and the elements has aged overtime creating not only unique coloring, but one of a kind textures. The hardwood barnboard is found from the mid Atlantic states right up through the Ohio river valley. Bingham values the long time relationships with other small family run busi-

*Please note that wood is a natural product and because of this we recommend ordering samples of our products before making your flooring choice. We will send multiple pieces of each product to give a full representation of the grade and specie. Together, these pieces represent the grade, specie or product specified. Please do not reference an individual sample, piece of the sample or image as an accurate representation of the entire grade, specie or product. Please consult your sales representative with any questions or to request more samples.
