

RECLAIMED PLANK SELECT HEART PINE

Wide Plank Flooring

The many attributes to Reclaimed Long Leaf Pine have stood the test of time and make it one of the most popular reclaimed floors. The warm richness of color and durability of its heart wood is undeniably the most recognizable of these traits. The varying grades can give you an elegant to a rustic country floor. We have pre-finished many Reclaimed Heart Pine plank floors and the warmth of this heart wood always prevails in the rich patina achieved by multiple coats of tung oil.

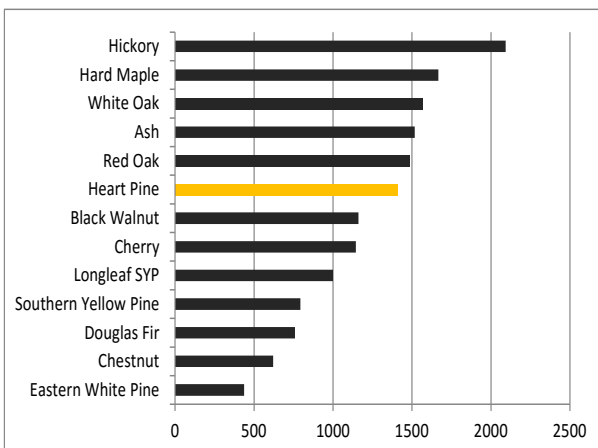

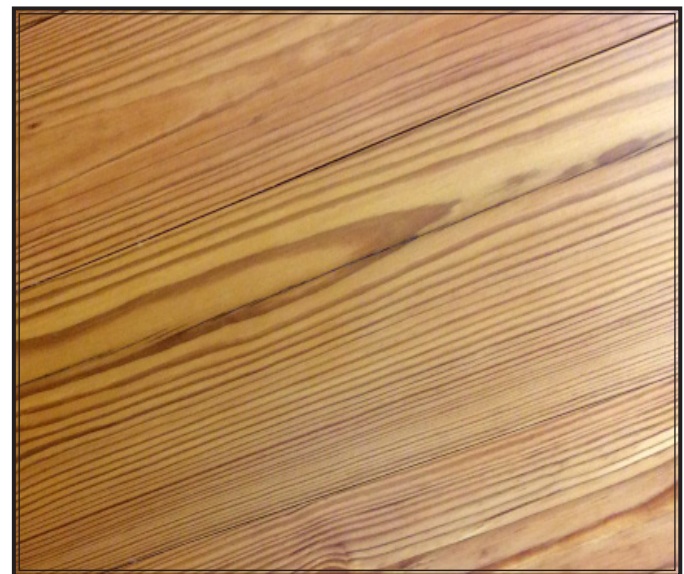

The Long Leaf Heart Pine trees grew in extremely dense forests. This slow growth forest resulted in many timbers yielding clear lumber, essentially knot free. The Bingham saw mill graders hand select the clear boards off the saw mill to be precisely milled into the select grade heart pine flooring. The select grade consists of mostly clear boards and just an occasional plank with a pin knot. Within the select grade the color variation is minimal creating an overall uniform formal appearance.

SPECIFICATIONS

Plank Widths	4-8", 6-10", 8-12", 13"+ available upon request

- Bingham's office, showroom, kilns and manufacturing plant are heated by using wood waste

*Please note that wood is a natural product and because of this we recommend ordering samples of our products before making your flooring choice. We will send multiple pieces of each product to give a full representation of the grade and specie. Together, these pieces represent the grade, specie or product specified. Please do not reference an individual sample, piece of the sample or image as an accurate representation of the entire grade, specie or product. Please consult your sales representative with any questions or to request more samples.
