

# RECLAIMED PLANK WELLINGTON ROAD

## Wide Plank Flooring

Bingham offers our reclaimed oaks in a custom herringbone pattern. Creating a herringbone patterned floor is a painstaking and unique addition to any home or commercial setting. Installing a herringbone pattern is a perfect way to make a statement or bring a unique design into a room. Our herringbone flooring can come custom sanded or smooth and with a variety of different finishes. We offer our herringbone in a few standard widths and lengths, however others are available.

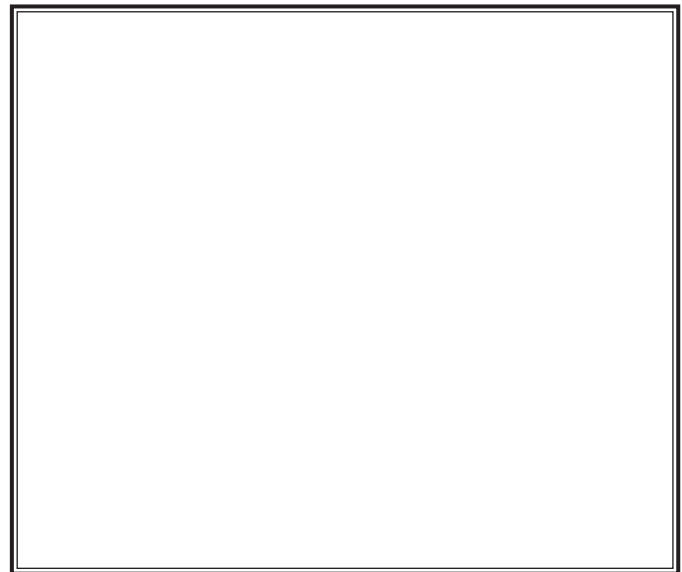

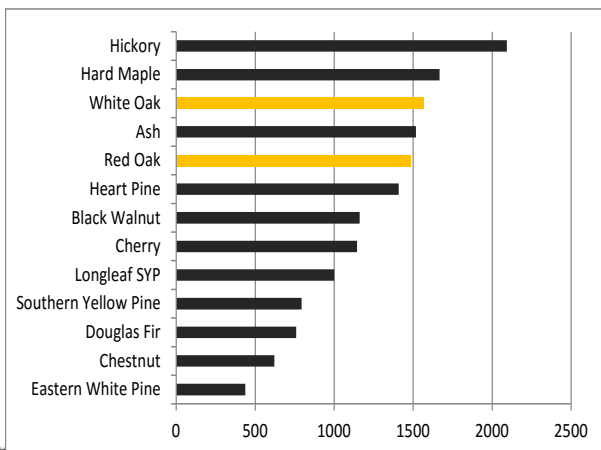

The Bingham Wellington Road custom flooring features reclaimed oak barn board. Barn board is found throughout a salvaged barn in mainly three areas; siding, loft boards, and interior partitions. Barn board that was exposed to the natural heat and the elements has aged overtime creating not only unique coloring, but one-of-a-kind textures. The oak barn board is found from the mid-Atlantic states right up through the Ohio River Valley.

\*Please note that wood is a natural product and because of this we recommend ordering samples of our products before making your flooring choice. We will send multiple pieces of each product to give a full representation of the grade and specie. Together, these pieces represent the grade, specie or product specified. Please do not reference an individual sample, piece of the sample or image as an accurate representation of the entire grade, specie or product. Please consult your sales representative with any questions or to request more samples.
